Re: JACIE Accreditation Exceptional Extension

To whom it may concern.

JACIE has previously accredited STEM CELLS PROGRAMME OSPEDALE SAN RAFFAELE, Ospedale San Raffaele S.r.l., Milan, Italy, under process no. 869 (Reaccreditation 1).

Due to the exceptional disruption caused by the COVID19 pandemic in early 2020, JACIE has granted an extension of 12 months to accreditations. Therefore, this accreditation is now effective from 17/05/2019 to 15/05/2024 (original expiry was 16/05/2023).

Readers are referred to the original accreditation certificate and letter for full details of the original accreditation award. The change of date will also appear on the online list of accredited centres at [www.ebmt.org/jacie-accredited-centres](http://www.ebmt.org/jacie-accredited-centres).

JACIE Accredited centres must notify the JACIE Accreditation Office of any changes to facilities and/or key personnel as soon as they are implemented by completing the Changes Affecting Accreditation Report available at [www.ebmt.org/ebmt/documents/changes-affecting-accreditation-report](http://www.ebmt.org/ebmt/documents/changes-affecting-accreditation-report).

The identity of accredited centres and institutions are published on the JACIE web site and in other JACIE communications. If this accreditation is referred to any publicity by your organisation, please be certain to specify the areas for which it is accredited.
